# PearlSkin

Multi Pattern Texture Finish

*H*appilac Paints ever make you happy...

It's Pearl skin brand turns your world to silky texture. That is why we name it pearl skin with silky texture. Happilac pearl skin is a water based pearl paint. It produces exclusively pearl glow effects, giving elegant long lasting impressions; you can use it on walls, wood, plaster of Paris and water proof sheets smoothly. Above all, it is an environment friendly coating.

**GRAFFIATTO**  
**AND SANDEX**

*cel* is a ready-mixed, breathable, ultra-tough decorative commercial texture™ GRAFFIATTO® wall surfacing product for exterior walls. Formulated with a super-hard pure acrylic resin, this product is pigment rich and contains crystalline silica. It remains, however, slightly flexible when cured making it extremely resistant to cracking and chipping under the most demanding commercial/hospitality environment. GRAFFIATTO is also permeable and is treated with fungicide, bactericide and algicide to resist mildew growth on the product film. GRAFFIATTO is designed to be texture trowel applied over a prepared surface to provide an unlimited variety of surface profiles and texture effects.

Packing Available in  
25 Kg. And 50 Kg.
